FED BY ENTHUSIASM

Autograph are delighted to be the school catering provider at your child's school. For over 15 years, we have been inspiring students to think differently about food. Each solution we create for our schools is a signature blend of three essential ingredients: people, place and plate.

OUR FOOD

Exciting food offers... we create a food offer designed to suit students' individual needs. Whether it's quick, tasty street food or a traditional roast lunch with all the trimmings, it can all be found in our restaurant.

High quality food... we take a considerate approach to sourcing. We only use free range eggs, British Red Tractor meat and a range of Fairtrade certified ingredients. We support our local and British farmers meaning our meat, dairy, seasonal fruit and vegetables are all sourced from fantastic suppliers around the UK. We focus on high quality, ethically sourced British ingredients which your catering team use to cook dishes from scratch.

Tasty and healthy options... we have a team of nutritionists and chefs who work together to create our recipes and menus. They ensure our food is on-trend, tastes great and supports healthy eating.

Food for all types of diets... we cater for students who follow a restricted diet, whether that is through allergies, intolerances, ethical or religious reasons. We encourage your child to speak to the catering team for advice on which dishes are safe and suitable for them. OUR APPROACH

Student involvement... we take the time to understand our customers through utilising a range of different ways to engage with students. This helps to make sure our food offer truly suits their specific needs.

Value for money... we offer a whole range of discounts; meal deals and loyalty schemes to make students' money go that little bit further!

Dining environment... we work closely with the school to make sure students have a dining facility where they can eat, relax and feel comfortable.
